INDEPENDENT AUDITOR'S REPORT

To the Honorable Mayor and City Council City of John Day, Oregon

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of John Day, Oregon (the City), as of and for the year ended June 30, 2018 and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of John Day, Oregon, as of June 30, 2018, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

As discussed in Note 21 to the financial statements, the June 30, 2017 financial statements have been restated to correct misstatements. Our opinion is not modified with respect to this matter.

Report on Summarized Comparative Information

We have previously audited the City of John Day, Oregon's 2017 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated December 1, 2017. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2017 is consistent, in all material respects, with the audited financial statements from which it has been derived, except for the following: as discussed in Note 25 to the financial statements, the City has implemented GASB Statement No. 75. In the application of GASB 75, the prior year summarized totals in the Statement of Net Position have been restated to reflect the net OPEB liability. However, information is not available to appropriately restate the Statement of Activities. Our opinion is not modified in respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 4-13, budgetary comparison information on pages 72-75, and schedules of pension and other postemployment benefit information on pages 68-71 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the management's discussion and analysis in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

The budgetary comparison information and schedules of pension and other postemployment benefit information are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the budgetary comparison information and schedules of pension and other postemployment benefit information are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of John Day, Oregon's basic financial statements. The introductory section, combining and budgetary comparison schedules, and other supplemental schedules as listed in the table of contents on pages 78-108 and 112 are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and budgetary comparison schedules, and other supplemental schedules as listed in the table of contents on pages 78-108 and 112 are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America.

In our opinion, this supplemental information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory section has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Oregon Minimum Standards

In accordance with Minimum Standards for Audits of Oregon Municipal Corporations, we have also issued our report dated February 25, 2019, on our consideration of the City of John Day, Oregon's compliance with certain provisions of laws and regulations, including the provisions of Oregon Revised Statutes as specified in Oregon Administrative Rules. The purpose of that report is to describe the scope of our testing of compliance and the results of that testing and not to provide an opinion on compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

June 30, 2018

This discussion and analysis presents the highlights of financial activities and financial position for the City of John Day (City). The analysis focuses on the financial activities of the City for the fiscal year ended June 30, 2018 based on currently known facts, decisions, and conditions that existed as of the date of the independent auditor's report.

We encourage readers to consider the information presented here in conjunction with the City's financial statements beginning on page 16.

FINANCIAL HIGHLIGHTS

Following are the financial highlights of the City for the fiscal year ended June 30, 2018.

- ◆ The assets of the City exceeded its liabilities at the close of the fiscal year by \$10,459,823 (net position). Of this amount, \$1,941,983 is unrestricted and may be used to meet the City's ongoing obligations and pay for day to day operations.
- ◆ The total net position increased \$2,190,754 during the year, and most of this increase is related to increased revenue from the State of Oregon for 911 operations and the Broadband Project.
- ♦ Governmental funds reported combined ending fund balances at year-end of \$3,509,840, an increase of \$2,449,674 compared to last year.
- The General Fund's unassigned fund balance at the end of the current year was \$745,611, or approximately 87.16% of total General Fund expenditures and transfers.

REPORT LAYOUT

The City's annual financial report consists of several sections. Taken together they provide a comprehensive financial look at the City. The components of the report include the following:

- Management's Discussion and Analysis. This section of the report provides financial highlights, overview and economic factors affecting the City.
- Basic Financial Statements. Includes Statement of Net Position, Statement of Activities, fund financial statements and Notes to Basic Financial Statements. Statements of Net Position and Activities focus on an entity-wide presentation using the accrual basis of accounting. They are designed to be business-like in that all activities are consolidated into a total for the City.
 - The Statement of Net Position focuses on resources available for future operations. In simple terms, this statement presents a snapshot view of the assets the City owns, the liabilities it owes, and the difference called net position.
 - The Statement of Activities focuses on gross and net costs of City programs and the extent to which such programs rely upon general tax and other revenues. This statement summarizes and simplifies the user's analysis to determine the extent to which programs are self-supporting and/or subsidized by general revenues.
 - Fund financial statements focus separately on major governmental funds and proprietary funds. Governmental fund statements follow the more traditional presentation of financial statements.

MANAGEMENT'S DISCUSSION AND ANALYSIS

June 30, 2018

The City's major governmental funds are presented in their own. Budgetary comparison schedules are presented for the General Fund, the Street Fund, IT Fund and the 911 Fund.

- Other Supplemental Information and Schedules. Readers desiring additional information
 may find it in the combining and individual schedules of revenues, expenditures, and changes in
 fund balance in this section of this reporting package.
- ◆ **Comments and Disclosures.** This includes supplemental communication on City compliance as required by Oregon statute.

Total liabilities and deferred inflows	1,755,647	1,555,295	3,060,878	2,381,311	4,816,525	3,936,606
Net position						
Net investment in capital assets	4,737,129	4,436,684	1,016,482	1,858,964	5,753,611	6,295,648
Restricted	2,764,229	606,543	-	-	2,764,229	606,543
Unrestricted	(126,625)	175,679	2,068,608	1,093,691	1,941,983	1,269,370
Total net position	\$ 7,374,733	\$ 5,218,906	\$ 3,085,090	\$ 2,952,655	\$ 10,459,823	\$ 8,171,561

During the fiscal year, several events changed the balance of net position. The increases in net position can be attributed to the following:

Governmental Activities:

- Received \$1,836,000 from the State of Oregon to start the Broadband Project
- Received \$420,000 from the State of Oregon to enable continued operations of the county-wide dispatch center until a new organization can take on the operations.
- There was an increase in interest income due to an increase in cash.

MANAGEMENT'S DISCUSSION AND ANALYSIS

June 30, 2018

Business-type Activities:

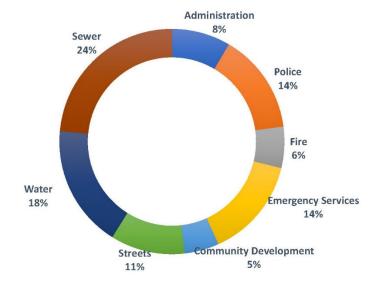

- The net position of the business type activities increased in the current year primarily due to revenues in excess of operating expenses.
- ♦ There was an increase in interest income due to an increase in cash

Total	\$	2,932,642		

MANAGEMENT'S DISCUSSION AND ANALYSIS

June 30, 2018

FUND ANALYSIS

General Fund

General Fund revenues exceeded expenditures by \$35,654. The General Fund includes four departments: Administration, Police, Fire, and Main Street Revitalization. Revenue increase was due in part to rental income received from the businesses located in the Main Street building owned by the City. The City received funding from HB 3400, this income will not be received in the future. The Fire department received debt proceeds to complete the Fire Hall office project.

Street Fund

Street Fund expenditures exceeded revenues by \$66,320. City street funds are used exclusively to maintain transportation infrastructure. While a significant source of revenue comes from the allocation of State Highway Fund revenues, there is typically a substantial gap between the cost of streets and what the City receives. The City did not receive federal forest fees this year. The State Highway fund revenues were \$111,892; while total operating costs were \$188,613, resulting in a decrease in fund balance.

911 Fund

The fund balance of the 911 Fund increased by \$423,601 in the current year. An increase of \$70,387 was a prior period adjustment for receivables. The balance of the increase was from operations. The operational increase is primarily due to the receipt of funding from HB 5006. This was a grant to enable the continued operations of the county wide dispatch center and plan for its transition from the City. Effective January 1, 2019, all emergency communications services formerly provided by John Day will be operated by the Grant County Emergency Communications Agency, a new intergovernmental agency the City created in conjunction with twelve other local governments through Oregon Revised Statute 190.010 (see Ordinance No. 18-174-04).

IT Fund

This is a new fund for the City this fiscal year. The revenues of this fund are a result of State Appropriations of \$1,836,000. These funds will be used to establish broadband infrastructure for those communities participating in the project. Once established the broadband service will be provided by the Grant County Digital Network Coalition, a council of governments organized under Oregon Revised Statute 190.010 to improve broadband access throughout Grant County (see Ordinance No. 18-171-01).

Community Development Fund

This is a new fund for the City this fiscal year. The revenues of this fund consist of a monthly fee from the utility customers of the City and a grant. These funds will be used as incentive for building and remodeling of homes in the City of John Day as part of an Urban Renewal Area the City created in June 2018 (see Ordinance No. 18-172-02 and Ordinance No. 18-173-03).

MANAGEMENT'S DISCUSSION AND ANALYSIS

June 30, 2018

Water Fund

The Water Fund's net position increased \$104,808 in the current year. Monthly water rates were increased by \$1 during the fiscal year to provide sufficient funding to cover the cost of operating the water system as well as repay debt from prior projects and charges from the Motor Pool.

Sewer Fund

The Sewer Fund's net position increased \$14,200 in the current year. Monthly sewer rates were increased by \$1 during the fiscal year to provide sufficient funding to cover the cost of operating the sewer system as well as repay debt from prior projects and charges from the Motor Pool.

GENERAL FUND BUDGET ANALYSIS

Table 4
General Fund Significant Budget Variations
For the year ended June 30, 2018

	Final		
Revenues	Budget	Actual	Difference
Taxes Intergovernmental revenues	\$ 331,212 674,141	\$ 365,630 217,834	\$ (34,418) 456,307
Expenditures			
Police	475,273	356,500	118,773
Fire	206,737	76,724	130,013
Main St. revitalization	1,501,200	126,060	1,375,140

MANAGEMENT'S DISCUSSION AND ANALYSIS

June 30, 2018

Intergovernmental revenues include pass through income from the state such as liquor taxes, grants and contract payments from the John Day Rural Fire District.

Actual police expenditures of \$356,359 for FY18 is \$400 less than the previous year. Actual fire expenditures of \$76,604 for FY18 is \$70,796 less than the previous year. This decrease is related to the beginning of the Fire Hall Office project. Both Police and Fire expenditures were significantly lower than budgeted.

Several resolutions were passed during the fiscal year related to the budget:

- Resolution 17-775-11 to establish the Agri-Business department of the Sewer Fund and change appropriations of the Sewer Fund;
- ♦ Resolution 18-777-01 to transfer appropriations within the Water Fund;
- Resolution 18-778-02 to appropriate the DLCD Technical Assistance Grant;
- ♦ Resolution 18-779-03 to establish the IT fund and appropriate state appropriation revenue;
- Resolution 18-782-06 to establish the Main Street Revitalization department of the General Fund and appropriate anticipated revenue;
- Resolution 18-784-08 to authorize refinancing of existing borrowings;
- Resolution 18-785-09 to authorize refinancing of existing borrowings and financing for the fire station;
- Resolution 18-792-16 to transfer appropriations between categories of the General Fund;
- Resolution 18-793-17 to transfer appropriations between categories of the Sewer Fund;
- Resolution 18-794-18 authorizing an interfund loan from the Water Fund to the General Fund.

The Water System Improvement Loan is a loan that was obtained in 2002 for west-end water improvements. This note was paid off during the fiscal year with the proceeds from the Washington Federal Consolidation Loan. See Notes 7 and 8 for more information.

The Airport Industrial Park Loan is a loan that was obtained in 2003. This note was paid off during the fiscal year with the proceeds from the Washington Federal Consolidated Loan. See Notes 7 and 9 for more information.

The City entered into a contract with Stella Lang for the purchase of real property located at 316 S. Canyon Blvd., this property is the site of the new fire station. This note was paid off during the fiscal year with the proceeds from the Washington Federal Consolidated Loan. See Notes 7 and 10 for more information.

The City entered into a contract with Washington Federal in 2018 for the purpose of consolidating higher interest rates loans from 2002 and 2003. There was also proceeds from this loan to enable the City to complete the Fire Hall project. See Notes 7 and 13 for more information.

The City issued bonds in the amount of \$655,000 on February 18, 2015 to finance a new fire station located at 316 S. Canyon Blvd. Total cost of the building was approximately \$1,750,000 and was partially funded by \$550,000 in bonds issued by the John Day Rural Fire Protection District. Principal payments for the year totaled \$38,000. See Notes 7 and 11 for more information.

MANAGEMENT'S DISCUSSION AND ANALYSIS

June 30, 2018

The City entered into an agreement on August 28, 2017 to borrow \$519,000 from the Oregon Economic Development Department Special Public Works Fund for purchase of property for the future sewer utility plant expansion. See Notes 7 and 12 for more information.

ECONOMIC FACTORS:

During the preparation of the budget for the next fiscal year, the long-term impacts of the local economy were examined in conjunction with business decisions made by the City Council and Budget Committee. Like all cities in Oregon, the City is operating under Measure 50, the ad valorem tax limitation measure approved by voters on May 20, 1997. This measure rolled back assessed values to 1995-96 levels and limited increased property tax revenues to a maximum of three percent, with permitted allowances for increasing valuations based on new construction. No substantive changes to the basic provisions of Measure 50 have been enacted during subsequent Oregon Legislative session.

The following are the major assumptions used in developing the budget for fiscal year 2017-18.

- 1. Interest rate increases will remain modest.
- 2. Projected revenues for the coming year and balanced those projections with anticipated department expenditures, considering factors such as historic trends, current economic indicators, and demand for service, impacts of decisions made at the regional, state and federal levels, staffing needs, contractual obligations and increased cost of materials and supplies.
- 3. In prior years, the City has looked for ways to maintain current service levels without imposing new fees or increasing existing fees. During FY17, the City undertook a strategic re-evaluation of its revenues and expenditures by conducting a performance-based audit of each department and by implementing a new capital improvement planning process. This process continued in FY18 with a cost structure re-alignment to better align spending with the city's capabilities. The outcome of this review led to the identification of the need for new capital investments in broadband network infrastructure to stimulate economic growth and in 911 funding to offset the cost to provide this regional service for Grant County. The City successfully lobbied the state legislature in 2017 and received a special appropriation in House Bill 5006 for \$420,000 in 911 funding and \$1.8M for broadband infrastructure. These funding increases significantly increased the City's net position in FY18.
- 4. Administrative expenses were included in the 2017-18 budget to show the true cost of operating the Emergency Communication's Center.

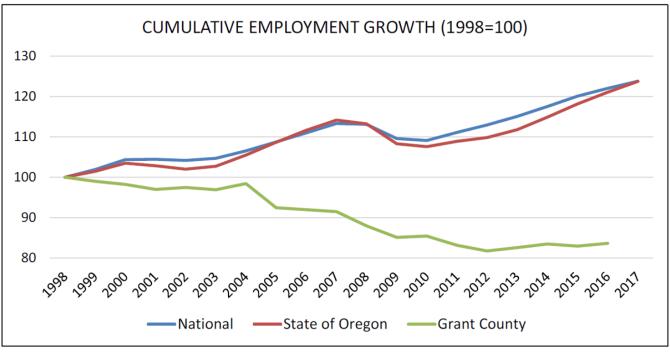

The City has experienced over two decades of moderate economic decline and is projected to remain in population decline for the near future. Efforts to invest in new infrastructure like the west-end water improvements and the Airport Industrial Park have not yielded the economic benefit or revenue that were projected when the projects were constructed, nor have they reduced the net population loss the City is experiencing. Additionally, job growth in Grant County continues to lag the state and nation (figure 2). As a result, Grant County is currently classified as the most distressed area in Oregon by the Oregon Secretary of State.

To address these issues, the City created a Strategy for Growth in January 2017. The intent of the strategy is to reverse the pattern of population and economic decline by achieving a modest and sustainable growth rate. The Strategy has three basic elements: Differentiated capabilities – identifying

MANAGEMENT'S DISCUSSION AND ANALYSIS

June 30, 2018

those things that make us stand out in positive ways from other communities; Cost structure alignment – adjusting our spending priorities so the investments we make and the costs we incur fuel population and economic growth, and; Organize for growth – empowering our strategic partners, local stakeholders, and city staff to further our strategy by re-directing effort toward growth initiatives.

SOURCE: U.S. Bureau of Economic Analysis, JOHNSON ECONOMICS

John Day's Strategy for Growth focuses on recruiting and retaining three core demographics:

- 1) Digital commuters who have a choice about where they work;
- 2) Active retirees with disposable income; and
- 3) Young, working families that contribute to the local economy and tax base.

Targeting these demographics will require the City to focus its investments in four main areas:

- 1) Digital marketing and branding that promotes our rural quality of life;
- 2) Recreational amenities that make for attractive, active-lifestyle communities;
- 3) Competitive broadband infrastructure enabling residents to be digitally connected to friends, family, and co-workers; and
- 4) Housing and community development initiatives that create more housing options across a wider and more balanced price range and community spaces that enhance the economic value of our city.

To further its strategy, the City created three new intergovernmental agencies in FY18: The John Day Urban Renewal Agency; the Grant County Emergency Communications Agency; and the Grant County Digital Network Coalition. These agencies were anticipated as part of John Day's Strategy for Growth adopted in 2017, which called on the City to reorganize for growth by identifying strategic partners, engaging local stakeholders and building internal capacity. These agencies will allow the City to extend its influence in promoting regional economic development by working through regional partners rather than independently carrying the financial burden for economic growth for the entire county.

MANAGEMENT'S DISCUSSION AND ANALYSIS

June 30, 2018

The City also secured \$200,000 in funding through the Oregon Transportation Growth Management (TGM) grant to further the development of the Innovation Gateway, an 80-acre riverfront innovation center acquired by the City in FY17. These funds are administered by the Oregon Department of Transportation (ODOT) and as a result are not reflected in the FY18 audit. The City hired a consulting team consisting of: DKS (prime); Walker Macy (project lead); the Angelo Planning Group; JLM and Interfluve. These consultants will create the area development plan for the Innovation Gateway, including the design for the 7th Street Extension to improve transit access to the north side of the city and establishing the site for the city's future wastewater treatment facility.

In FY19, planning for these capital improvement projects will be coupled with the engineering of the city's new wastewater treatment facility (to replace the existing facility built in 1947) and a comprehensive economic development strategy (CEDS), which will culminate in a regional economic development summit (REDS) for John Day to be held in May 2019. Multiple state and federal agencies will convene at the REDS to review the results of the CEDS and help identify additional funding sources to help fuel our growth and economic recovery.

While the Strategy for Growth has not yet led to an increase in population or discernible job creation, the City's efforts to implement the strategy have had a significant positive impact on our financial statements. As the City's investment and cost-realignment efforts continue, the balance sheet should continue to strengthen.

FINANCIAL CONTACT

The City's financial statements are designed to present users with a general overview of the City's finances and to demonstrate the City's accountability. If you have questions about this report or need additional financial information please contact the City Manager or City Recorder at 450 East Main Street, John Day, Oregon 97845.

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCE OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES

For the Year Ended June 30, 2018

Net Change in Fund Balance		\$ 2,449,674
Amounts reported for governmental activities in the Statement of Activities are different because:		
Capital outlays are reported as expenditures in governmental funds. However, the Statement of Activities allocates the cost of capital outlays over their estimated useful lives as depreciation expense. Expenditures for capital assets Less current year depreciation	\$ 161,742 (150,191)	11,551
Long-term debt proceeds are reported as other financing sources in governmental funds. In the Statement of Net Position, however, issuing long-term debt increases liabilities. Similarly, repayment of principal is an expenditure in the governmental funds but reduces liabilities on the Statement of Net Position.		
Loan proceeds Change in accrued interest payable Loan principal payments		(367,341) (1,996) 107,443
Changes in net pension/OPEB liability, the related changes in deferred outflows and deferred inflows of resources are not recognized as expenses in the government funds.		(75,090)
Governmental funds report the effect of accrued compensated absences when paid. In the Statement of Activities, however, compensated absences are recognized when accrued. The change in compensated absences is recognized as revenue or expense on the Statement of Activities.		5,373
The internal service funds are used by management to charge the costs of motor pool repairs and other costs and excess vacation and sick leave to individual funds. The change in net position of certain internal service funds is reported with governmental activities.		(45,609)
That portion of the change in net position of internal service funds arising from transactions with business-type funds is an adjustment to internal balances between governmental activities and business-type activities on the Statement of Net Position.		13,694
Property taxes that do not meet the measurable and available criteria are not recognized as revenue in the current year in the governmental funds. In the Statement of Activities property taxes are recognized as revenue when levied.		(3,253)
Sidewalk LID note receivable payments are recognized as revenue in the year received in the governmental funds. In the Statement of Activities revenues are		(4,026)

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2018

Note 1. Significant Accounting Policies

The City of John Day, Oregon operates under a council-manager form of government. The council is composed of six persons elected bi-annually to serve terms of four years. The mayor is elected to serve a term of four years. The council appoints the city manager. The city manager hires all other officers and employees of the City. The City provides the following services in accordance with its charter, public safety (police and fire), highway and streets, sanitation, culture and recreation, public improvements, planning and zoning, and general administrative services.

On November 9, 1993, the citizens of John Day approved a new city charter titled "1993 Charter."

The accounting policies of the City of John Day, Oregon conform to accounting principles generally accepted in the United States of America. The City's financial report includes the accounts of all City operations. Beginning in fiscal year 2018, the City implemented the following statement issued by GASB.

GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits other than Pensions*. This statement is effective for periods beginning after June 15, 2017. The objective of this Statement is to improve accounting and financial reporting by state and local governments for postemployment benefits other than pensions. Implementation of GASB 75 did have an impact on the district's financial statements for the fiscal year ended June 30, 2018, see Note 17 and 18 – Other Post-Employment Benefits (OPEB) and Note 22 – Prior Period Restatement.

A. The Reporting Entity

The City Council exercises governance responsibilities over all entities related to City activity. The City receives funding from local, state, and federal sources. However, the City of John Day is not included in any other governmental reporting entity as defined in Section 2100, Codification of Governmental Accounting and Financial Reporting Standards. Council members are elected by the public and have decision-making authority, the power to designate management, the responsibility to significantly influence operations, and primary accountability for fiscal matters.

In evaluating how to define the City for financial reporting purposes, management has considered all potential component units. The decision to include a potential component unit in the reporting entity was made by applying the criteria set forth in accounting principles generally accepted in the United States of America. The basic, but not the only, criterion for including a potential component unit within the reporting entity is the primary government's financial accountability. The criteria used to determine financial accountability include whether the primary government appoints a voting majority, the primary government can impose its will on the component unit, whether there is financial benefit or burden on the primary government, and if the component unit has a fiscal dependency on the primary government. The other criterion used to evaluate potential component units for inclusion or exclusion from the reporting entity is the existence of special financing relationships, regardless of whether the City is financially accountable. No other entities met requirements for inclusion in the City of John Day.

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2018

B. Basis of Presentation

Government-wide Financial Statements

The Statement of Net Position and the Statement of Activities display information about the City. These statements include the governmental financial activities of the overall City. Eliminations have been made to minimize the double counting of internal activities. Governmental activities are financed primarily through property taxes, intergovernmental revenues, and charges for services.

The Statement of Activities presents a comparison between direct expenses and program revenues for each of its functions/programs. Direct expenses are those that are specifically associated with a function and, therefore, are clearly identifiable to that function. Eliminations have been made to minimize the double counting of internal activities in the Statement of Activities. Program revenues include: (1) charges to customers for utility service, museum fees and sales, rental of City equipment, dispatch services, police and fire services and fines; (2) operating grants and contributions and (3) capital grants and contributions. Revenues that are not classified as program revenues, including property taxes and state support, are presented as general revenues.

Net position is reported as restricted when constraints placed on net position use are either externally restricted, imposed by creditors (such as through grantors, contributors or laws) or through constitutional provisions or enabling resolutions.

Fund Financial Statements

The fund financial statements provide information about the City's funds. Separate statements for each fund category – governmental and proprietary – are presented. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column. All remaining governmental funds are aggregated and reported as other governmental funds.

The City reports the following major governmental funds:

General Fund – The General Fund is the primary operating fund of the City. It accounts for all financial resources of the general government, including police, fire, and administration.

Street Fund – The Street Fund accounts for the cost of maintaining the roads within the City.

IT Fund – The IT Fund was created to establish a new fiber optic network as a part of the city's commitment to community development.

911 Fund – The 911 Fund accounts for the cost of operating the county emergency services dispatch center.

The City reports the following major proprietary funds:

Water Fund – The Water Fund accounts for the operation and maintenance of the City's water system.

Sewer Fund – The Sewer Fund accounts for the operation and maintenance of the City's sewer collection, disposal system and sewer treatment plant operated jointly with the town of Canyon City.

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2018

The City reports the following fiduciary fund:

Agency Fund – The agency fund accounts for assets held in trust for the Safe Communities Coalition.

Additionally, the City reports the following fund types:

Special revenue funds account for funds restricted to a particular purpose. These include the Street, 911, and Community Development funds.

Capital project funds account for the accumulation of money for major capital projects. This includes the IT Fund.

C. <u>Measurement Focus and Basis of Accounting</u>

Government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Non-exchange transactions, in which the City receives value without giving equal value in exchange, include property taxes, grants, entitlements and donations. On the accrual basis of accounting revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenues from grants, entitlements, and donations are recognized in the fiscal year in which all eligibility requirements have been satisfied. Under terms of grant agreements, the City funds certain programs by a combination of specific cost-reimbursement grants and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net position available to finance the program. It is the City's policy to first apply cost-reimbursement grant resources to such programs and then general revenues.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (when they are measurable and available). "Measurable" means the amount of the transaction can be determined and "available" means collected within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period. The City considers property taxes as available if they are collected within 60 days after year-end. Expenditures are recorded when the related fund liability is incurred, except for unmatured interest on general long-term debt, which is recognized when the obligations are expected to be liquidated with expendable available financial resources. Property taxes, interest, special assessments, franchise fees, and intergovernmental revenues are susceptible to accrual. Other receipts and taxes become measurable and available when the cash is received by the government and are recognized as revenue at that time. Entitlements and shared revenues are recorded at the time of receipt or earlier if the "susceptible to accrual" criteria are met. Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been met. Capital asset acquisitions are reported as expenditures in the governmental funds and proceeds from general long-term debt and acquisitions under capital leases are reported as other financing sources.

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2018

Internal service funds of the City (which provide services primarily to other funds of the City) are presented, in summary form, as part of the proprietary fund financial statements. Since the principal users of the internal services are the City's governmental activities, financial activities of the internal service funds are presented in the governmental activities column when presented at the government-wide level. There is however a portion of the internal service activity that benefits both the water and sewer business-type activities. Therefore, the portion of the internal service usage that applies to the business type activities is reported as a reduction of the amount reported by the governmental activities. The costs of these services are allocated to the appropriate function/program (administration, police, fire, emergency services, streets, museums, water and sewer) in the statement of activities.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's Sewer and Water Funds are charges to customers for sales and services. These funds also recognize fees intended to recover the cost of connecting new customers to the City's utility systems as operating revenue. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

D. Capital Assets

Capital assets, which include property, equipment and vehicles and infrastructure assets (e.g. roads, bridges, curbs, gutters, sidewalks and similar items which are immovable and of value only to the government) are reported in the applicable governmental or business-type activities columns in the government-wide Statement of Net Assets. Capital assets are recorded at historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal maintenance and repair not adding to the value of the asset or materially extend asset lives are not capitalized. Reportable capital assets are defined by the City as assets with initial, individual costs in excess of \$5,000 and estimated useful lives in excess of one year.

Depreciation is provided in each fund in amounts sufficient to recover the cost of the depreciable assets over their estimated service lives on the straight-line basis. The service lives by type of asset are as follows:

Buildings and infrastructure 40-60 years Machinery and equipment 3-20 years

E. <u>Budgets and Budget</u>ary Accounting

A budget is prepared for each City fund in accordance with the modified accrual basis of accounting and legal requirements set forth in the Oregon local budget law. The resolution authorizing appropriations for each fund sets the level by which expenditures cannot legally exceed appropriations. Levels of control for the General Fund include administration, police, fire, transfers and contingency. Total personnel services, materials and services, capital outlay, contingencies, and debt service are the levels of control for all other funds. The detail budget document, however, is required to contain more specific, detailed information for the above mentioned expenditure categories. Appropriations lapse at June 30.

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2018

Unexpected additional resources may be added to the budget by a supplemental budget and appropriations resolution. A supplemental budget may require hearings before the public, publications in newspapers, and approval by the City Council. Original and supplemental budgets may be modified by using appropriations transfers between the levels of control. Such transfers require approval by the City Council. The City does not utilize encumbrance accounting for budgeted funds.

F. Property Taxes Receivable

The assessment date for the tax year is July 1. Personal and real property taxes are a lien on July 1. Total personal property tax becomes due and is delinquent when any installment is not paid by its due date. Real property tax is due and payable on November 15. However, a taxpayer may pay real property taxes in three equal installments, due the 15th day of November, February and May. Real property taxes become delinquent if not paid by May 15.

Property tax revenues of the General Fund are recognized when they become measurable and available. Available includes those property tax receivables expected to be collected within 60 days after year-end. Property tax revenues of the enterprise funds are recognized for all amounts levied. This treatment is consistent with prior years.

G. <u>Accumulated Compensated Absences</u>

A total of 12 to 21 days vacation and 12 days sick leave per year may be accumulated by each employee. A total of 40-60 hours of compensatory time and 40 hours of personal time may also be accumulated by employees. Employees are not paid for the accumulated sick leave upon retirement or other termination. The City accrues a liability for compensated absences which meet the following criteria.

- (1) Obligation is attributable to services already rendered.
- (2) Obligation relates to rights that vest or accumulate.
- (3) Payment of compensation is probable.
- (4) The amount can be reasonably estimated.

H. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net position that applies to future period(s) and so will not be recognized as an outflow of resources (expenditure/expense) until then. The city has one item that qualifies for reporting in this category. It is the deferred amounts relating to pensions. This amount is deferred and recognized as an outflow of resources in the period when the city recognizes pension expense/expenditures. Deferred outflows are included in the government-wide Statement of Net Position.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net position that applies to future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The city has two items that qualify for reporting in this category. Unavailable revenue from property taxes is reported in the governmental funds balance sheet. This amount is deferred and recognized as an inflow of

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2018

resources in the period that amount becomes available. The city also reports deferred amounts related to pensions. This amount is deferred and recognized as an inflow of resources in the period when the city recognizes pension income. Deferred inflows are included in the government-wide Statement of Net Position.

I. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Oregon Public Employees Retirement System (PERS) and additions to/deductions from PERS's fiduciary net position have been determined on the same basis as they are reported by PERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

J. Other Post-Employment Benefits (OPEB)

PERS - Retirement Health Insurance Account

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the Oregon Public Employees Retirement System (PERS) and additions to/deductions from PERS' fiduciary net position have been determined on the same basis as they are reported by PERS. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

<u>Citycounty Insurance Services Implicit Rate Subsidy</u>

For purposes of measuring the OPEB liability, deferred outflows of resources and deferred inflows of resources to OPEB, and OPEB expense, the City has relied on actuarial reports. The City allows retired employees to purchase health insurance at the same rates as active employees. The related expense is recognized as the City pays premiums to CIS or when claims are paid to health providers, depending on which insurance plan the retirees participate in.

K. Long-term Liabilities

In the government-wide and proprietary fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental or business-type activities column in the Statement of Net Position and the proprietary fund Statement of Net Position.

In the governmental fund financial statements, the face amount of debt issued is reported as other financing sources. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

L. Cash and Cash Items

The City's cash and cash equivalents are considered to be cash on hand, demand deposits and short term investments with original maturities of three months or less from the date of acquisition. All short-term cash surpluses are maintained in a savings account at the Oregon State Treasury Local Government Investment Pool and allocated to each fund based on the amount of excess cash each fund has deposited.

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2018

Oregon statute and local ordinances authorize the City to invest (short-term and long-term) in certificates of deposit (considered deposits for risk categorization purposes), certain bond obligations of civil subdivisions, general obligations of the United States, U.S. agency issues, general obligations of the states of Oregon, Washington, Idaho and California, certain interest bearing bonds of a county, port or school district, certain interest bearing bonds on any City in the state of Oregon, life insurance and annuity contracts, pooled deferred compensation trusts, banker's acceptances, and certain corporate bonds.

M. Fund Balance

In the fund financial statements, the fund balance for governmental funds is reported in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent.

Nonspendable fund balance is the portion of net resources that cannot be spent because they are either (a) in a nonspendable form or (b) legally or contractually required to be maintained intact. Fund balance is reported as restricted when the constraints placed on the use of resources are either (a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

Fund balance is reported as committed when the City Council passes an ordinance or resolution that places specific constraints on how the resources may be used. The Council action that imposed the limitation would need to occur no later than the close of the reporting period. The City Council can modify or rescind the legislative action at any time through passage of an additional ordinance or resolution.

The net resources that are constrained by the City's intent to use them are reported as assigned fund balance. Intent is expressed when the City Council approves which resources should be set aside for specific purposes during the adoption of the annual budget. The City Council and City Manager use that information to determine whether those resources should be classified as assigned in the City's financial statements. Unassigned fund balance is the residual classification for the General Fund. This classification represents fund balance that has not been restricted, committed, or assigned within the General Fund.

The City applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

N. Prior Period Comparative Data

The basic financial statements include certain prior-year summarized comparative information in total but not at the level of detail required for a presentation in conformity with generally accepted accounting principles. Accordingly, such information should be read in conjunction with the City's financial statements for the year ended June 30, 2017, from which the summarized information was derived.

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2018

Note 2. Deposits and Investments

At June 30, 2018 the carrying amount of the City's deposits was \$148,007 and the bank balance was \$202,875. The insurance and collateral requirements for deposits are established by banking regulations and Oregon law. FDIC insurance of \$250,000 applies to the deposits in each depository. Where balances continually exceed \$250,000, ORS 295 requires the depositor to verify that deposit accounts are only maintained at financial institutions on the list of qualified depositories found on the state treasurer's web site. Qualifying depository banks must pledge securities with a particular value based on the bank's level of capitalization. The city was in compliance with the ORS requirement.

The balances in excess of the FDIC insurance are considered exposed to custodial credit risk. Custodial credit risk for deposits is the risk that, in the event of the bank failure, the City's deposits may not be returned to it. The City does not have a deposit policy for custodial credit risk. As of June 30, 2018 none of the City's bank balance was exposed to custodial credit risk.

As of June 30, 2018 the City had \$5,108,903 invested in the Oregon Local Government Investment Pool. The City's position in the pool is stated at cost which approximates fair value.

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligation. The City has no policy for managing interest rate or credit risk. Investments by the City held in the Local Government Investment Pool are not rated.

The Oregon Short Term Fund is the LGIP for local governments and was established by the Oregon State Treasurer. It was created to meet the financial and administrative responsibilities of federal arbitrage regulations. The investments are regulated by the Oregon Short Term Fund Board and approved by the Oregon Investment Council.

Note 3. Receivables

Receivables are presented net of allowances for uncollectible accounts. Receivables are comprised of the following as of June 30, 2018:

	Governmental			В	Business
Property taxes	\$	39,888	_	\$	-
User fees		-			135,336
Other		178,512			2,357
Total	\$	218,400		\$	137,693

Note 4. Capital Assets

The following is a summary of changes in governmental capital assets:

Sewer				52,496
Total depreciation	\$	189,667	\$	163,679

Note 5. Interfund Transfers

Transfers between funds provide support for various City programs in accordance with budgetary authorizations. Multiple fund transfers to the 911 Fund are to support the operations of the 911 dispatcher. Water and Sewer Fund transfers to the General Fund are to support the Police Department and its work on behalf of the utility funds. Interfund transfers for fiscal year ended June 30, 2018 consisted of the following:

	OperatingTransfers In					
Transfers Out	Ge	neral		911		Total
Governmental funds						
General Fund	\$	-	\$	13,828	\$	13,828

Total	\$	15,208	\$	18,168	\$	33,376

Note 6. Interfund Receivables and Payables

Interfund receivables and payables at June 30, 2018 are as follows:

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2018

Due to/from other funds				
Receivable	Payable			
Water Fund	General Fund, Fire Department	\$	367,341	
Due to/from other funds			367,341	

Note 7. Changes in Long-Term Debt

The following is a summary of debt of the City for the year ended June 30, 2018:

	Payable at			Payable at	Due
	June 30, 2017	Addition	Reduction	June 30, 2018	in One Year
Special Public Works Fund Loan Payable - Water System Improvements	\$ 597,176	\$ -	\$ 597,176	\$ -	\$ -
Special Public Works Fund Loan Payable - Airport Industrial Park	1,297,051	-	1,297,051	-	-
Stella Lang Purchase Agreement	69,442	-	69,442	-	=
Fire Hall Bonds Payable	588,000	-	38,000	550,000	39,000
Special Public Works Fund Loan Payable - Gateway Property	-	519,000	25,620	493,380	10,568
Washington Federal Consolidation Loan Payable	-	2,182,952	-	2,182,952	210,000
Accrued Compensated Absences	62,526	70,420	75,111	57,835	-
Totals	\$ 2,614,196	\$ 2,772,372	\$ 2,102,401	\$ 3,284,167	\$ 259,568

Interest expense of \$122,539 on long-term debt has been included in the direct expense of individual functions on the government-wide Statement of Activities. Authorization for general long-term debt is specific to a particular purpose; thus, an objective connection can be made to a specific program. All interest on long-term debt is reported as a direct expense of the programs for which borrowing is related.

Note 8. Business Oregon Water System Loan Payable

The City applied for and received a loan from the Oregon Economic and Community Development Department's Special Public Works Fund (renamed Business Oregon Infrastructure Finance Authority) for water system improvements. The loan of \$1,202,500 was to be paid over 25 years, including interest of 3.0-5.0% through December 2026. On April 27, 2018, the balance was paid in full with loan proceeds from Washington Federal.

Note 9. Business Oregon Airport Infrastructure Loan Payable

The City entered into an agreement on August 29, 2003 to borrow up to \$2,004,000 from the Oregon Economic Development Department Special Public Works Fund (renamed Business Oregon Infrastructure Finance Authority) for the initial cost of infrastructure to the Grant County Airport Industrial Park. Actual loan advances received were \$1,969,517 (54% Water Fund, 46% Sewer

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2018

Fund). Terms of the loan are 24 annual payments of \$152,510 on December 1 of each year including interest of 5.02 percent through December 1, 2028. The first payment was made on December 1, 2006 and was interest only as a result of accrued interest in excess of the payment amount. On April 27, 2018, the balance was paid in full with loan proceeds from Washington Federal.

Note 10. Stella Lang Purchase Agreement

The City entered into an agreement on June 30, 2008 to purchase the land and structure located at 316 South Canyon Blvd in John Day, Oregon. This is the site for the new fire hall. Terms of the loan are 180 monthly payments of \$1,109.24 on the 1st of each month including interest of 4.50 percent through June 1, 2023. On April 27, 2018, the balance was paid in full with loan proceeds from Washington Federal.

Note 11. Fire Hall Bonds

The city issued bonds in the amount of \$655,000 on February 18, 2015 to finance a new fire hall located at 316 South Canyon Blvd in John Day, Oregon. The bonds have an interest rate of 3.07%. Interest payments are made semiannually on June 1 and December 1. Principal payments began June 1, 2016 and will continue through June 30, 2030. As of June 30, 2018, future payments are as follows:

Fiscal Year Ending			
June 30,	Total	 Interest	 Principal
2019	\$ 55,885	\$ 16,885	\$ 39,000
2020	55,688	15,688	40,000
2021	55,460	14,460	41,000
2022	55,201	13,201	42,000
2023	55,912	11,912	44,000
2024-2028	276,590	38,590	238,000
2029-2030	110,912	4,912	106,000
Total	\$ 665,648	\$ 115,648	\$ 550,000

Note 12. Special Public Works Fund Loan Payable

The City applied for and received a loan from the Oregon Economic Development Department Special Public Works Fund for the purchase of property for a future sewer plant expansion. Terms of the \$519,000 loan are 25 annual payments on December 1 of each year including interest of 3.78 percent through December 1, 2041. Annual payments are \$29,217.29 for the first two years and \$31,793.65 for the remaining 23 years. The loan is secured by net revenues from the City's Wastewater System after payment of operation and maintenance cost of the system, and all real and personal property associated with the Wastewater System are collateral for the loan. The first payment was made on December 1, 2017. As of June 30, 2018, future payments are as follows:

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2018

Fiscal Year Ending			
June 30,	 Total	 Interest	 Principal
2019	\$ 29,218	\$ 18,650	\$ 10,568
2020	31,793	18,250	13,543
2021	31,792	17,737	14,055
2022	31,793	17,206	14,587
2023	31,794	16,656	15,138
2024-2028	158,968	74,250	84,718
2029-2033	158,968	56,981	101,987
2034-2038	158,969	36,193	122,776
2039-2042	 127,174	 11,166	 116,008
Total	\$ 760,469	\$ 267,089	\$ 493,380

Note 13. Washington Federal Loan Payable

The City applied for and received a loan from Washington Federal for sewer system improvements, fire hall improvements, and to refinance other City debt. The loan of \$2,182,952 (74% Water Fund and 26% Sewer Fund) will be paid over 10 years, including interest of 3.34%. Interest payments are made semiannually on June 1 and December 1. Principal payments begin December 1, 2018 and will continue through December 1, 2027. The bank reserves the right, at its sole option, to request the unpaid balance to be paid in full on December 1, 2022 or the bank, at its sole option, could reset the rate at December 1, 2022 and allow payments to continue on to the 10-year maturity. If the rate resets, the interest rate will be based on the St Louis Fed 5-year Treasury Constant Maturity Rate, plus 1.75%, multiplied by 0.79. As of June 30, 2018, future payments are as follows:

Fiscal Year Ending			
June 30,	Total	 Interest	 Principal
2019	\$ 288,986	\$ 78,986	\$ 210,000
2020	275,896	65,896	210,000
2021	268,882	58,882	210,000
2022	261,868	51,868	210,000
2023	254,854	44,854	210,000
2024-28	1,243,114	 110,162	 1,132,952
Total	\$ 2,593,600	\$ 410,648	\$ 2,182,952

Note 14. Water Fund Loan to General Fund

On April 27, 2018, the Water Fund loaned \$367,341 of the Washington Federal loan proceeds to the General Fund for the purpose of completing construction on the new fire hall. Terms of the loan are 10 annual payments of \$42,991.56 on December 1st including interest at 3.34% through December 1, 2027. The first payment is due December 1, 2018. There was accrued interest payable of \$2,045 at June 30, 2018. As of June 30, 2018, future payments are as follows:

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2018

Fiscal Year Ending			
June 30,	Total	 Interest	 Principal
2019	\$ 42,992	\$ 5,143	\$ 37,849
2020	42,992	11,005	31,987
2021	42,992	9,937	33,055
2022	42,992	8,833	34,159
2023	42,992	7,692	35,300
2024-28	214,956	19,965	 194,991
Total	\$ 429,916	\$ 62,575	\$ 367,341

Note 15. General Fund Lease Obligations

The City leases certain property and equipment from others. Leased property not having elements of ownership is classified as an operating lease. Operating lease payments are recorded as expenditures when payable. Operating leases include: Pitney Bowes postage machine requiring 20 quarterly payments of \$147.42 through January 2017; Kyocera copier requiring 60 monthly payments of \$100 through July 2020. Total expenditures on such leases for the fiscal year ended June 30, 2018, were \$1,203. As of June 30, 2018, the City had future minimum payments under operating leases as follows:

Finant Vanu Fudius		tal Future	0.	
Fiscal Year Ending	MINI	imum Lease	U	perating
June 30,	Payments			Leases
2019	\$	1,203	\$	1,203
2020		1,203		1,203
2021		963		963
Total	\$	3,369	\$	3,369

Note 16. Pension Plan

Name of pension plan

The Oregon Public Employees Retirement System consists of a single cost-sharing multiple employer defined benefit pension plan.

Description of benefit terms

Plan Benefits

All benefits of the System are established by the legislature pursuant to Oregon Revised Statute (ORS) Chapters 238 and 238A.

- A. PERS Pension Chapter 238 (Tier One/Tier Two Retirement Benefit).
- 1. Pension Benefits

The ORS Chapter 238 Defined Benefit Pension Plan is closed to new members on or after August 29, 2003.

The PERS retirement allowance is payable monthly for life. It may be selected from 13 retirement benefit options. These options include survivorship benefits and lump-sum refunds. The basic benefit is based on years of service and final average salary. A percentage (2.0 percent for police

CITY OF JOHN DAY

Grant County, Oregon NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2018

and fire employees, 1.67 percent for general service employees) is multiplied by the number of years of service and the final average salary. Benefits may also be calculated under a formula plus annuity (for members who were contributing before August 21, 1981) or a money match computation if a greater benefit results.

2. Death Benefits

Upon the death of a non-retired member, the beneficiary receives a lump-sum refund of the member's account balance (accumulated contributions and interest). In addition, the beneficiary will receive a lump-sum payment from employer funds equal to the account balance, provided one or more of the following conditions are met:

- member was employed by a PERS employer at the time of death,
- member died within 120 days after termination of PERS-covered employment,
- member died as a result of injury sustained while employed in a PERS-covered job, or
- member was on an official leave of absence from a PERS-covered job at the time of death.

3. Disability Benefits

A member with 10 or more years of creditable service who becomes disabled from other than duty-connected causes may receive a non-duty disability benefit. A disability resulting from a job-incurred injury or illness qualifies a member (including PERS judge members) for disability benefits regardless of the length of PERS-covered service. Upon qualifying for either a non-duty or duty disability, service time is computed to age 58 (55 for police and fire members) when determining the monthly benefit.

4. Benefit Changes After Retirement

Members may choose to continue participation in a variable equities investment account after retiring and may experience annual benefit fluctuations due to changes in the market value of equity investments.

Under ORS 238.360 monthly benefits are adjusted annually through cost-of-living changes. The cap on the COLA in fiscal year 2015 and beyond will vary based on the amount of the annual benefit.

B. OPSRP Pension Program (OPSRP DB)

1. Pension Benefits

The Pension Program (ORS Chapter 238A) provides benefits to members hired on or after August 29, 2003.

This portion of OPSRP provides a life pension funded by employer contributions. Benefits are calculated with the following formula for members who attain normal retirement age:

- Police and fire: 1.8 percent is multiplied by the number of years of service and the final average salary. Normal retirement age for a police and fire member is age 60 or age 53 with 25 years of retirement credit. To be classified as a police and fire member, the individual must have been employed continuously as a police and fire member for at least five years immediately preceding retirement.
- General service: 1.5 percent is multiplied by the number of years of service and the final average salary. Normal retirement age for general service members is age 65, or age 58 with 30 years of retirement credit.

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2018

A member of the OPSRP Pension Program becomes vested on the earliest of the following dates: the date the member completes 600 hours of service in each of five calendar years, the date the member reaches normal retirement age, and, if the pension program is terminated, the date on which termination becomes effective.

2. Death Benefits

Upon the death of a non-retired member, the spouse or other person who is constitutionally required to be treated in the same manner as the spouse receives for life 50 percent of the pension that would otherwise have been paid to the deceased member.

3. Disability Benefits

A member who has accrued 10 or more years of retirement credits before the member becomes disabled or a member who becomes disabled due to job-related injury shall receive a disability benefit of 45 percent of the member's salary determined as of the last full month of employment before the disability occurred.

4. Benefit Changes After Retirement

Under ORS 238A.210 monthly benefits are adjusted annually through cost-of-living changes. The cap on the COLA in fiscal year 2015 and beyond will vary based on the amount of the annual benefit.

C. OPSRP Individual Account Program (OPSRP IAP)

1. Pension Benefits

An IAP member becomes vested on the date the employee account is established or on the date the rollover account was established. If the employer makes optional employer contributions for a member, the member becomes vested on the earliest of the following dates: the date the member completes 600 hours of service in each of five calendar years, the date the member reaches normal retirement age, the date the IAP is terminated, the date the active member becomes disabled, or the date the active member dies.

Upon retirement, a member of the OPSRP Individual Account Program (IAP) may receive the amounts in his or her employee account, rollover account, and vested employer account as a lump-sum payment or in equal installments over a 5-, 10-, 15-, 20-year period or an anticipated life span option. Each distribution option has a \$200 minimum distribution limit.

2. Death Benefits

Upon the death of a non-retired member, the beneficiary receives in a lump sum the member's account balance, rollover account balance, and vested employer optional contribution account balance. If a retired member dies before the installment payments are completed, the beneficiary may receive the remaining installment payments or choose a lump-sum payment.

3. Recordkeeping

PERS contracts with VOYA Financial to maintain IAP participant records.

Contributions

PERS funding policy provides for monthly employer contributions at actuarially determined rates. These contributions, expressed as a percentage of covered payroll, are intended to accumulate

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2018

sufficient assets to pay benefits when due. This funding policy applies to the PERS Defined Benefit Plan and the Other Postemployment Benefit Plans.

Employer contribution rates during the period were based on the December 31, 2015 actuarial valuation. The rates based on a percentage of payroll, first became effective July 1, 2017. The state of Oregon and certain schools, community colleges, and political subdivisions have made lump sum unfunded actuarial liability payments to establish side accounts, and their rates have been reduced. Employer contributions for the year ended June 30, 2018 were \$65,922, excluding amounts to fund employer specific liabilities. The rates, presented as a percentage of covered payroll, for the City in effect for the fiscal year ended June 30, 2018 were:

	Normal	Combined	
Rate Category	Cost Rate	UAL Rate	Net Rate
PERS general service	15.91%	-2.71%	13.20%
OPSRP general service	8.02%	-2.71%	5.31%
OPSRP police & fire	12.79%	-2.71%	10.08%

Pension Plan Comprehensive Annual Financial Report (CAFR)

Oregon PERS produces an independently audited CAFR which can be found at: http://www.oregon.gov/pers/Pages/section/financial_reports/financials.aspx

Actuarial Valuations

The employer contribution rates effective July 1, 2017, through June 30, 2019, were set using the projected unit credit actuarial cost method. For the Tier One/Tier Two component of the PERS Defined Benefit Plan, this method produced an employer contribution rate consisting of (1) an amount for normal cost (the estimated amount necessary to finance benefits earned by the employees during the current service year), (2) an amount for the amortization of unfunded actuarial accrued liabilities, which are being amortized over a fixed period with new unfunded actuarial accrued liabilities being amortized over 20 years.

For the OPSRP Pension Program component of the PERS Defined Benefit Plan, this method produced an employer contribution rate consisting of (a) an amount for normal cost (the estimated amount necessary to finance benefits earned by the employees during the current service year), (b) an amount for the amortization of unfunded actuarial accrued liabilities, which are being amortized over a fixed period with new unfunded actuarial accrued liabilities being amortized over 16 years.

Actuarial Methods and Assumptions

	adjustments and set-backs as described in the valuation.
	Active members:
	Mortality rates are a percentage of healthy retirees rates
	that vary by group, as described in the valuation.
	Disabled retirees:
	Mortality rates are percentages (70% for males, 95% for
	females) of the RP-2000 Sex-distinct, generational per Scale
	BB, disabled mortality table.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of events far into the future. Actuarially determined amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future. Experience studies are performed as of December 31 of even numbered years. The methods and assumptions shown above are based on the 2014 Experience Study which reviewed experience for the four-year period ending on December 31, 2014.

Long-term expected rate of return

To develop an analytical basis for the selection of the long-term expected rate of return assumption, in July 2015 the PERS Board reviewed long-term assumptions developed by both Milliman's capital market assumptions team and the Oregon Investment Council's (OIC) investment advisors. Each asset class assumption is based on a consistent set of underlying assumptions, and includes adjustment for the inflation assumption. These assumptions are not based on historical returns, but instead are based on a forward-looking capital market economic model. For more information on the Plan's portfolio, assumed asset allocation, and the long-term expected rate of return for each major asset class, calculated using both arithmetic and geometric means, see PERS' audited financial statements at http://www.oregon.gov/pers/docs/financial_reports/2017_cafr.pdf.

Discount Rate

The discount rate used to measure the total pension liability was 7.50 percent for the Defined Benefit Pension Plan. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and those of the contributing employers are made at the contractually required rates, as actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments for the Defined Benefit Pension Plan was applied to all periods of projected benefit payments to determine the total pension liability.

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2018

Sensitivity of the City's Proportionate Share of Net Pension Liability to Changes in the Discount Rate

The following presents the City's proportionate share of the net pension liability calculated using the discount rate of 7.50 percent, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.50 percent) or 1-percentage-point higher (8.50 percent) than the current rate:

	1%	Discount	1%
	Decrease	Rate	Increase
	(6.50%)	(7.50%)	(8.50%)
City's proportionate share of the			
net pension liability (asset)	\$1,481,603	\$ 869,392	\$ 357,471

Pension Liabilities (Assets), Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2018, the City reported a liability of \$869,392 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City's proportion of the net pension liability was based on a projection of the City's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. At June 30, 2017, the City's proportion was .00644948 percent.

For the year ended June 30, 2018, the City recognized pension expense of \$210,827. Pension expense includes the City's proportionate share of system pension expense, adjusted for amortization of deferred amounts, of \$162,227 and employee contributions picked up by the City of \$48,600.

At June 30, 2018, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2018

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 42,044	\$ -
Changes in assumptions	158,475	-
Net difference between projected and actual earnings on pension plan investments	8,957	-
Changes in proportion and differences between City contributions and proportionate share of contributions	-	78,700
City contributions subsequent to the measurement date	72,963	
Total	\$ 282,439	\$ 78,700

The amount of \$72,963 reported as deferred outflows of resources related to pensions resulting from City contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

	Deferred				
	outflow or				
	(iı	nflow) of			
Fiscal Year	R	esources			
2019	\$	16,073			
2020		87,954			
2021		59,067			
2022		(30,844)			
2023		(1,474)			
Thereafter					
Total	\$	130,776			

Changes in Plan Provisions Subsequent to Measurement Date

There were no changes subsequent to the June 30, 2017 measurement date that would require a brief description under GASB standard, with exception of on July 28, 2017 the PERS Board adopted a 7.20% assumed rate.

The rule specifies that the adopted assumed rate will be effective for PERS transactions with an effective date of January 1, 2018, consistent with this Board's policy decision from 2013 that the assumed rate will be effective January 1 following the Board's adoption of the rate. A January 1

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2018

effective date also provides equitable treatment to all members who retire in a year that a change is adopted, no matter which month they retire. The adopted assumed rate will be aligned with the new actuarial equivalency factors (AEFs), which will allow for clear effective date for all transactions that involve calculations using both the rate and AEF components.

Note 17. Other Post-Employment Benefits (OPEB) - RHIA

Plan Description

Organization

The Oregon Public Employees Retirement System administers the Retirement Health Insurance Account (RHIA) cost-sharing, multiple-employer defined benefit Other Post-Employment Benefit (OPEB) plan (the plan) for political subdivisions such as the City. Plan assets may be used to pay the benefits of the employees of any employer that provides OPEB through the plan.

Plan Membership

RHIA was established by ORS 238.420. The plan was closed to new entrants hired on or after August 29, 2003. To be eligible to receive this monthly payment toward the premium cost the member must: (1) have eight years or more of qualifying service in PERS at the time of retirement or receive a disability allowance as if the member had eight years or more of creditable service in PERS, (2) receive both Medicare Parts A and B coverage, and (3) enroll in a PERS-sponsored health plan.

Contribution

Contributions are mandatory for each employer that is a member of PERS. For the fiscal year ended June 30, 2018, the City's contribution rate was 0.43 percent of PERS subject to wages. Employees are not required to contribute to the plan.

Net OPEB Liability

The City's net OPEB liability was measured as of June 30, 2017 and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of December 31, 2015.

Actuarial Methods and Assumptions

Valuation date	December 31, 2015
Measurement date	June 30, 2017
Experience Study	2014, published September 23, 2015
Actuarial cost method	Entry Age Normal
Actuarial assumption:	
Inflation rate	2.50 percent
Investment rate of return	7.50 percent
Discount rate	7.50 percent
Projected salary increases	3.50 percent
Retiree healthcare participation	Healthy retirees: 38%; Disable retirees: 20%
Mortality	Healthy retirees and beneficiaries
	RP-2000 Sex-distinct, generational per Scale BB, with collar
	adjustments and set-backs as described in the valuation.

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2018

Active members:
Mortality rates are a percentage of healthy retirees rates that
vary by group, as described in the valuation.
Disabled retirees:
Mortality rates are percentages (70% for males, 95% for
females) of the RP-2000 Sex-distinct, generational per Scale
BB, disabled mortality table.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of events far into the future. Actuarially determined amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future. Experience studies are performed as of December 31 of even numbered years. The methods and assumptions shown above are based on the 2014 Experience Study which reviewed experience for the four-year period ending on December 31, 2014.

Discount Rate

The discount rate used to measure the total pension liability was 7.50 percent for the OPEB Plan. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and those of the contributing employers are made at the contractually required rates, as actuarially determined. Based on those assumptions, the RHIA plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on OPEB plan investments for the RHIA plan was applied to all periods of projected benefit payments to determine the total OPEB liability.

Long-term expected rate of return

To develop an analytical basis for the selection of the long-term expected rate of return assumption, in July 2015 the PERS Board reviewed long-term assumptions developed by both Milliman's capital market assumptions team and the Oregon Investment Council's (OIC) investment advisors. Each asset class assumption is based on a consistent set of underlying assumptions, and includes adjustment for the inflation assumption. These assumptions are not based on historical returns, but instead are based on a forward-looking capital market economic model. For more information on the Plan's portfolio, assumed asset allocation, and the long-term expected rate of return for each major asset class, calculated using both arithmetic and geometric means, see PERS' audited financial statements at http://www.oregon.gov/pers/docs/financial reports/2017 cafr.pdf.

Sensitivity of the City's Proportionate Share of Net OPEB Liability to Changes in the Discount Rate

The following presents the City's proportionate share of the net OPEB liability calculated using the discount rate of 7.50 percent, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.50 percent) or 1-percentage-point higher (8.50 percent) than the current rate:

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2018

			D	iscount	1%
	-	ecrease 50%)		Rate 7.50%)	crease 3.50%)
City's proportionate share of the net OPEB liability (asset)	\$	374	\$	(2,682)	\$ (5,281)

Pension Liabilities (Assets), Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2018, the City reported an asset of \$2,682 for its proportionate share of the net OPEB liability. The net OPEB liability was measured as of June 30, 2017, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of that date. The City's proportion of the net OPEB liability was based on a projection of the City's long-term share of contributions to the OPEB plan relative to the projected contributions of all participating employers, actuarially determined. At June 30, 2017, the City's proportion was .00642639 percent.

For the year ended June 30, 2018, the City recognized income of \$75. At June 30, 2018, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources		Outflows of		Deferred Inflows of Resources	
Net difference between projected and actual earnings on OPEB plan investments	\$	-	\$	1,242

The rule specifies that the adopted assumed rate will be effective for PERS transactions with an effective date of January 1, 2018, consistent with this Board's policy decision from 2013 that the assumed rate will be effective January 1 following the Board's adoption of the rate. A January 1 effective date also provides equitable treatment to all members who retire in a year that a change is adopted, no matter which month they retire. The adopted assumed rate will be aligned with the new actuarial equivalency factors (AEFs), which will allow for clear effective date for all transactions that involve calculations using both the rate and AEF components.

Note 18. Other Post-Employment Benefits (OPEB) – CIS Health Insurance Subsidy

Plan Description

A single-employer retiree benefit plan that provides post-employment health benefits to eligible employees and their spouses. There are active members in the plan.

The post-retirement healthcare plan is established in accordance with Oregon Revised Statutes (ORS) 243.303. ORS stipulated that for the purpose of establishing healthcare premiums, the rate must be based on all plan members, both active employees and retirees. The difference between retiree claims cost, which because of the effect of age is generally higher in comparison to all plan members, and the amount of retiree healthcare premiums represents the city's implicit employer contribution.

The city did not establish an irrevocable trust (or equivalent arrangement) to account for the plan.

Funding Policy

The benefits from this program are paid by the retired employees on a self-pay basis and the required contribution is based on projected pay-as-you go financing requirements. There is no obligation on the part of the city to fund these benefits in advance.

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2018

Annual OPEB Cost and Total OPEB Liability

The annual other post-employment benefit (OPEB) cost is calculated based on the Total OPEB Liability, an amount actuarially determined in accordance with the parameters of GASB Statement 75. The annual OPEB expense is an accounting item designed to recognize certain changes to the Total OPEB Liability in the current period income statement. Additionally, changes to the Total OPEB Liability not fully recognized in a given year's OPEB expense will be tracked as deferred inflows and outflows and recognized incrementally in the OPEB expense over time. See Schedule of Changes in Total OPEB Liability and Related Ratios for detailed information and a table showing the components of the city's annual OPEB costs and liabilities.

Actuarial Methods and Assumptions

The Total OPEB Liability for the current year was determined as part of the July 1, 2016 actuarial valuation using the entry age normal method. Actuarial valuations of an ongoing plan involve estimates of the value or reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about mortality, claim cost and the healthcare cost trend. The actuarial assumptions included; (a) a rate of return on investment of present and future assets of 3.58% compounded annually; (b) an inflation rate of 2.5%; and (c) no post-retirement benefit increases and a payroll increase of 3.5%. Amounts determined regarding the funded status of the plan and the annual required contribution of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future.

The following table shows sensitivity of the Total OPEB Liability to changes in discount and trend rates, as determined by the July 1, 2017 actuarial valuation.

		Discount	1%
	1% Decrease	Rate	Increase
	(2.58%)	(3.58%)	(4.58%)
City's proportionate share of the net			
OPEB liability (asset)	\$ 107,754	\$ 101,177	\$ 95,062
		Current	1%
	1% Decrease	Trend Rate	Increase
City's proportionate share of the net			
OPEB liability (asset)	\$ 93,663	\$ 101,177	\$ 109,691

At June 30, 2018, the city reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources		tflows of In		Deferred Inflows of Lesources	
Changes in assumptions	\$	-		\$	3,793	
City contributions subsequent to the measurement date		6,427				
Total	\$	6,427		\$	3,793	

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2018

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in OPEB expense as follows:

	Deferred outflow or			
	(in	flow) of		
Fiscal Year	Re	sources		
2019	\$	(677)		
2020		(677)		
2021		(677)		
2022		(677)		
2023		(677)		
Thereafter		(408)		
Total	\$	(3,793)		

Program membership consisted of 18 active and 1 retired participants at July 1, 2017.

Note 19. Risk Management

The City is exposed to various risks of loss related to torts; theft or damage to and destruction of assets; errors and omissions; and natural disasters for which the City carries commercial insurance. The City does not engage in risk financing activities where the risk is retained (self-insurance). Settled claims have not exceeded commercial coverage in any of the past three years.

Note 20. Commitments and Contingencies

Amounts received or receivable from grantor agencies are restricted and are subject to audit and adjustment by these agencies, principally the federal government and the state of Oregon. Any disallowed claims, including amounts already collected, may constitute a liability to the City. The amount, if any, of costs which may be disallowed by the grantor cannot be determined at this time. City management expects such amounts, if any, to be immaterial.

Note 21. Prior Period Adjustment

A prior period adjustment of \$97,508 was made to account for specific receivable balances as of June 30, 2017. Water and sewer receivables account for \$27,121 of this adjustment and the balance of \$70,387 represents an adjustment for 911 fund receivables.

Note 22. Prior Year Restatement

In June 2015, the GASB issued Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits other than Pensions*. This statement is effective for periods beginning after June 15, 2017. The objective of this Statement is to improve accounting and financial reporting by state and local governments for postemployment benefits other than pensions.

Due to the City's adoption of GASB 75, net position was restated at July 1, 2017. With the adoption of GASB 75, the City's net position was restated to include the City's overall other post-employment

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION BUDGETARY REPORTING

For the Year Ended June 30, 2018

In accordance with Oregon Revised Statutes, the city council annually adopts a budget following required public notice and hearing for all funds. The budget may be amended during the year through statutorily prescribed procedures. The city's budget is prepared on the modified accrual or GAAP basis of accounting. Appropriations lapse at year end.

Formal and legal budgetary control for the certified budget is based upon major classes of expenditures known as functions within each fund. The functions within the General Fund include administration, police, fire, transfers and contingency. Functions within all other funds include: personnel services, materials and services, capital outlay, debt service, contingencies and transfers. The city adopted one supplemental budget during the year ended June 30, 2018.

During the year ended June 30, 2018, disbursements in the General and major special revenue funds were within certified budget amounts in all functions.

COMMENTS AND DISCLOSURES REQUIRED BY THE STATE OF OREGON

Scott A. Martin Jacob J. Collier Megan R. Adams Michael J. Rudi

Randell C. Guyer, Jr. Kent J. Bailey Kara J. Bond David F. Lindley Linda L. Cyr Emily J. Becktold

AUDIT COMMENTS AND DISCLOSURES

INDEPENDENT AUDITOR'S REPORT REQUIRED BY OREGON STATE REGULATIONS

We have audited the basic financial statements of the City of John Day, Oregon as of and for the year ended June 30, 2018, and have issued our report thereon dated February 25, 2019. We conducted our audit in accordance with auditing standards generally accepted in the United States of America.

Compliance

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed test of its compliance with certain provisions of laws, regulations, contracts, and grants, including the provisions of Oregon Revised Statutes as specified in Oregon Administrative Rules 162-10-000 through 162-10-320 of the Minimum Standards for Audits of Oregon Municipal Corporations, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion.

We performed procedures to the extent we considered necessary to address the required comments and disclosures which included, but were not limited to the following:

- Deposit of public funds with financial institutions (ORS Chapter 295).
- Indebtedness limitations, restrictions and repayment.
- Budgets legally required (ORS Chapter 294)
- Insurance and fidelity bonds in force or required by law
- Programs funded from outside sources
- Highway revenues used for public highways, roads, and streets
- Authorized investment of surplus funds (ORS Chapter 294)
- Public contracts and purchasing (ORS Chapters 279A, 279B, 279C)

In connection with our testing nothing came to our attention that caused us to believe the City was not in substantial compliance with certain provisions of laws, regulations, contracts, and grants, including the provisions of Oregon Revised Statutes as specified in Oregon Administrative Rules 162-10-000 through 162-10-320 of the Minimum Standards for Audits of Oregon Municipal Corporations (except as follows):

1. Budget Compliance

Except as noted below the City appears to have complied with Local Budget Law (ORS 294.305 to 294.565) in preparation, adoption and execution of its budget and tax levy for the year ended June 30, 2018 and the preparation and adoption of its budget and tax levy for the year ended June

30, 2019. A description of the budgeting process is included in the Notes to the Basic Financial Statements.

a. Over-Expenditures of Appropriations:

On an overall basis, the City's fiscal 2017-2018 expenditures were not in excess of appropriations. However, the following over-expenditures of budget resolution categories in violation of statutory requirements occurred:

Fund	Category	Over-Expenditure Amount
Water Fund	Materials & Services	6,070
IT Fund	Materials & Services	10,259

These expenditures are at variance with ORS 294.456, which states, an expenditure of public money may not be made for any purpose in an amount greater than the amount appropriated.

b. Failure to publish required notice - Budget Committee Meeting:

The City published a notice of the budget committee meeting once in a newspaper of general circulation, and also posted a notice on the City's internet website. However, the newspaper publication did not contain the web address for the internet posting, as required by ORS 294.426(5).

2. Failure to keep a written record of the sources of quotes or proposals received:

The City was unable to produce documentation of the bidding process for procurement of a new vehicle, in violation of ORS 279B.070.

OAR 162-10-0230 Internal Control

In planning and performing our audit, we considered the City's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing an opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over financial reporting. We have included our comments on internal control in a separate letter to the City Council dated February 25, 2019.

This report is intended solely for the information and use of the City Council, management, and the Oregon Secretary of State, and is not intended to be and should not be used by anyone other than these parties.
