Special Skills or Qualifications

Summarize any special training, skills or experience you may have pertinent to the Board/Commission to which you are applying.

My skill set as a physical therapist lends itself well to promoting public health in our community through improving the walkability, trail systems, and activity options in John Day. Additionally, I previously worked for Portland Parks and Recreation for five years, which gave me exposure to the impacts of laws and policy on public spaces. Combined my knowledge and experiences would inform my analysis of and insight for the many public spaces that John Day is creating. Finally, I would bring a perspective from a recent transplant and young(er) professional - one of the target demographics John Day wants to attract.

Motivation

Discuss your motivation for serving on this Board/Commission.

My initial interest in John Day 2 years ago was for a Physical Therapist position at the hospital; however, I wouldn't have accepted the job or moved here if not for the potential that I saw in John Day. I liked John Day's culture and loved the idea of helping to grow the city into something more. Within the first month of moving here I started coming to city council meetings to lend myself to this growth. I have since reached out and volunteered my time and expertise to the city to help improve John Day's quality of life. I see joining the city council as an avenue to continue lending my voice and perspective to the decisions that John Day will make going forward. I'm excited about being a part of shaping the future of John Day and hope that you will consider what I have to offer the city council when picking your next councilor.
