Nick Green, City Manager
John Day City Hall
450 E Main
John Day, OR 97845

Dear Mr. Green:

I am requesting a refund, either full or partial, for my water and sewer bills for the period between March and May when I was forced to close as a non-essential business. I used no water or sewer during this period.

Should I be forced to shut down in the future due to COVID I would appreciate the same consideration.

Sincerely,

Signature
