

JOHN DAY MERCHANTS & COMMUNITY PARTNERS SURVEY

FEBRUARY 2022

The Pit Stop

The “Pit Stop” is the lot next to the Confederated Tribes Warm Springs office on W Main St. A new public restroom has been built there with plans for additional parking (no oversize due to the size of the lot), as well as lockers for people coming in on bicycles/motorcycles to store their belongings while walking through town. Concepts to improve the energy and feel of downtown have also been presented that include a community gathering space with picnic tables, firepits and stalls for vendors that could include food, beverages, merchandise, or any other use that an entrepreneur can imagine. The space could also be used for a community Christmas Tree.

Please indicate your personal preference along with any comments to clarify your position:

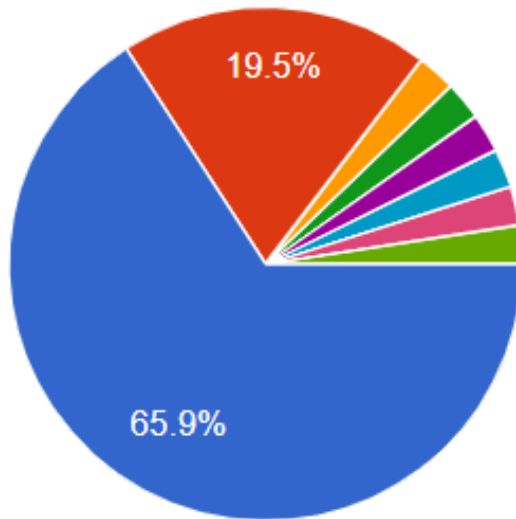

- Parking only
- Parking in the back half with only a gathering space on the front section
- Parking on the back half, gathering sp...
- No parking lot, we want food trucks, g...
- Fire pits and food trucks
- Oversize parking
- Add a bus stop seat to whatever you do.
- There is really enough parking on the t...
- vendor spaces should be rented

Oversized Parking

The city is looking at multiple options to reduce oversize parking on main street including updating the no parking paint on sidewalks, no oversize vehicle parking signs, partnering with businesses/non-profits that have larger parking lots and possibly additional parking lots.

Do you think there is a problem with oversize parking on Main Street?

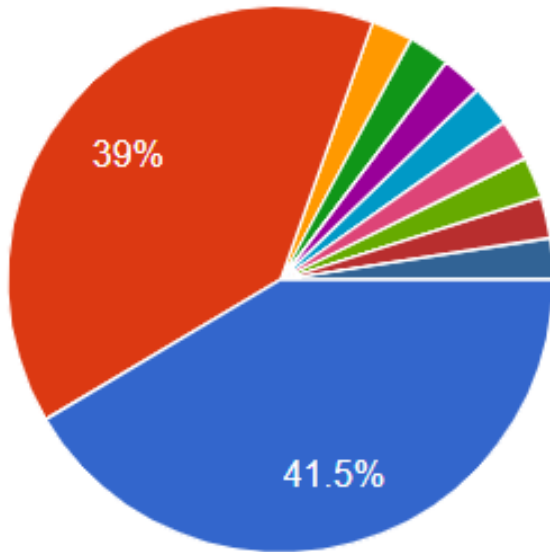

- Yes
- No
- Not always/seasonal/
- Somewhat yes. I believe we need better parking for people that work to not tak...
- Yes, but I don't see people walking 4 blocks with an oversized lot away from...

If you think there is a problem, do you think additional signage to parking lots, no parking paint on curbs and no oversize parking signs are enough to solve it?

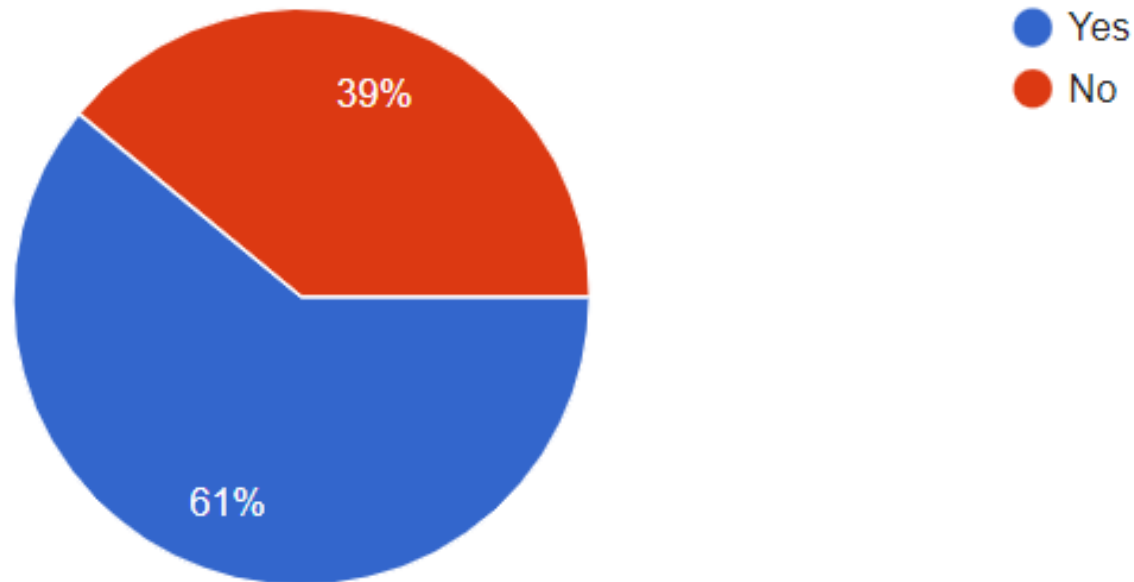

- Yes
- No
- No parking signs are un-inviting
- I do not think there should be 'No over...
- It wouldn't hurt but it probably won't so...
- Only if parking lots are close walking d...

- no signs it just one of the things we m...
- I don't know what the solution is.
- Yes, in part. New areas needed for RV and large truck parking. Library Foundation property might work in couple years, or the old mill space west near the planer mill could work, not that far for downtown services

Oversized Parking

The city is looking at multiple options to reduce oversize parking on main street including updating the no parking paint on sidewalks, no oversize vehicle parking signs, partnering with businesses/non-profits that have larger parking lots and possibly additional parking lots.

Do you think that an additional parking lot that would accommodate oversize vehicles at city hall would be helpful if there was a bus stop there?

Main Street Funding

The city received a grant from the State of Oregon that can be used to help businesses increase tourism including façade improvement, ADA accessibility, etc.

If the city provided a consultant to help with design, would you take advantage of those services?
