Dm**Re: ORS 190.085 Notice of Creation the Grant County Digital Network Coalition**

Dear Sir or Madam:

Enclosed with this letter, please find a certain Intergovernmental Agreement for Joint Management of Broadband Network dated effective April 10, 2018 (the "Agreement") and copies of the ordinances ratifying the creation of the intergovernmental entity described herein. This letter and the enclosed documents are being submitted pursuant to ORS 190.085(2) on behalf of City of John Day ("John Day"), an Oregon municipal corporation, City of Seneca ("Seneca"), an Oregon municipal corporation, and Grant County ("County"), a political subdivision of the State of Oregon. In accordance, with ORS 190.085(2), the parties submit the following information:

1. The name of the intergovernmental entity is the Grant County Digital Network Coalition. For purposes of this letter, the Grant County Digital Network Coalition is referred to as the "Agency."
2. The parties to the Agreement are John Day, Seneca, and Grant County (each a "Party," collectively the "Parties").
3. The purposes of the Agreement include, without limitation, the following: (a) plan for and study the best method(s) to design, construct, own, operate, and/or maintain the broadband infrastructure necessary to establish and operate a digital network capable of providing public Internet connection inside and through Grant County, Oregon, including, without limitation, extending a fiber optic line along US 395 from US 20 to John Day, wireless infrastructure, fiber optic infrastructure, and all fiber connections to the premises constructed, operated by, and/or controlled by Agency (the "Network") and future telecommunications infrastructure for the benefit of the Parties and their respective citizens, other governmental entities, and public and private health and safety organizations; (b) own, manage, control, and operate the Network (and any digital system obtained by Agency) and all associated Network traffic, software management, maintenance costs, and connections to public buildings; (c) provide a forum for communication and consultation among the Parties and provide an opportunity for a cooperative and equitable sharing of expenses, data, expertise, experience, and plans between the Parties; (d) modernize telecommunications infrastructure within the jurisdictions of each Party to ensure
