Home Occupation Criteria

Section 5-2.2.100 Residential Districts—Special Use Standards outlines the criteria for home occupations permitted outright. Proposals exceeding the standards below may be approved through a type III process subject to approval by the John Day planning commission. Please initial each requirement to verify compliance. You must also have a current business license on file.

1.	 Appearance of Residence: The home occupation shall be restricted to lawfully-built enclosed structures and be conducted in such a manner as not to give an outward appearance of a business. The home occupation shall not result in any structural alterations or additions to a structure that will change its primary use or building code occupancy classification. The home occupation shall not violate any conditions of development approval (<i>i.e.</i>, prior development permit approval). No products and or equipment produced or used by the home occupation may be displayed to be visible from outside any structure.
2.	 Outside storage, visible from the public right-of-way or adjacent properties, that exceeds what is customary for a single family residence in the vicinity, is prohibited. On-site storage of hazardous materials (including toxic, explosive, noxious, combustible or flammable) beyond those normally incidental to residential use is prohibited. Storage of inventory or products and all other equipment, fixtures, and activities associated with the home occupation shall be allowed in any structure.
3.	 Other than family members residing within the dwelling located on the home occupation site, there shall be no other/not more than one (1) full time equivalent employee at the home occupation site at any given time. As used in this chapter, the term "home occupation site" means the legal lot on which the home occupation is conducted. Additional individuals may be employed by or associated with the home occupation, so long as they do not report to work or pick up/deliver at the home occupation site. The home occupation site shall not be used as a headquarters for the assembly of employees for instruction or other purposes, including dispatch of employees to other locations.
4.	Advertising and Signs: • Signs shall comply with all applicable sign regulations. Initial:

5.	 Vehicles, Parking, and Traffic:	
6.	 Business Hours: Initial: There shall be no restriction on business hours, except that clients or customers are permitted at the home occupation from 7:00 a.m. to 9:00 p.m. only, Monday through Friday, subject to subsections 1 and 5, above. 	
7.	 Prohibited Home Occupation Uses: Any activity that produces radio, TV, or other electronic interference; noise, glare, vibration, smoke, or odor beyond allowable levels as determined by local, state or federal standards, or that can be detected beyond the property line; is prohibited. Any activity involving on-site retail sales, including garage sales exceeding the thresholds of a temporary use, is prohibited; except that the sale of items that are incidental to a permitted home occupation is allowed. For example, the sale of lesson books or sheet music from music teachers, art or craft supplies from arts or crafts instructors, computer software from computer consultants, and similar incidental item for sale by home business is allowed subject to 1-6, above. The following uses and uses with objectionable impacts similar to those listed (i.e., due to motor vehicle traffic, noise, glare, odor, dust, smoke or vibration, or other nuisance) are prohibited: a) Ambulance service; b) Animal hospital, veterinary services, kennels or animal boarding; c) Auto and other vehicle repair, including auto painting; and d) Repair, reconditioning or storage of motorized vehicles, boats, recreational vehicles, airplanes or large equipment on-site. 	
8.	Inspection: Initial:	
	The Planning Official or designee may visit and inspect the site of a home occupation during normal business hours, and with reasonable notice, to ensure compliance with all applicable regulations.
