Conditions of Approval

The City shall approve, approve with conditions, or deny an application for a conditional use or to enlarge or alter a conditional use based on findings of fact with respect to each of the standards and criteria in A-C.

A. Use Criteria

1. The site size, dimensions, location, topography and access are adequate for the needs of the proposed use, considering the proposed building mass, parking, traffic, noise, vibration, exhaust/emissions, light, glare, erosion, odor, dust, visibility, safety, and aesthetic considerations;
2. The negative impacts of the proposed use on adjacent properties and on the public can be mitigated through application of other Code standards, or other reasonable conditions of approval; and
3. All required public facilities have adequate capacity or are to be improved to serve the proposal, consistent with City standards.
4. A conditional use permit shall not allow a use that is prohibited or not expressly allowed under Article 5-2; nor shall a conditional use permit grant a variance without a variance application being reviewed with the conditional use application.

B. **Site Design Standards.** The Site Design Review approval criteria (Section 5-4.2.060) shall be met. The Planning Official may waive the application requirements for Site Design Review upon determining that the Conditional Use Permit application provides sufficient information to evaluate the proposal.

- C. **Conditions of Approval.** The City may impose conditions that are found necessary to ensure that the use is compatible with other uses in the vicinity, and that the negative impact of the proposed use on the surrounding uses and public facilities is minimized. These conditions include, but are not limited to, the following:
1. Limiting the hours, days, place and/or manner of operation;
 2. Requiring site or architectural design features which minimize environmental impacts such as noise, vibration, exhaust/emissions, light, glare, erosion, odor and/or dust;
 3. Requiring larger setback areas, lot area, and/or lot depth or width;
 4. Limiting the building or structure height, size, lot coverage, and/or location on the site;
 5. Designating the size, number, location and/or design of vehicle access points or parking and loading areas;
 6. Requiring street right-of-way to be dedicated and street(s), sidewalks, curbs, planting strips, pathways, or trails to be improved;
 7. Requiring landscaping, screening, drainage, water quality facilities, and/or improvement of parking and loading areas;
 8. Limiting the number, size, location, height and/or lighting of signs;
 9. Limiting or setting standards for the location, design, and/or intensity of outdoor lighting;
 10. Requiring berms, screening or landscaping and the establishment of standards for their installation and maintenance;
 11. Requiring and designating the size, height, location and/or materials for fences;
 12. Requiring the protection and preservation of existing trees, soils, vegetation, watercourses, habitat areas, drainage areas, historic resources, cultural resources, and/or sensitive lands;
 13. Requiring the dedication of sufficient land to the public, and/or construction of pedestrian/bicycle pathways in accordance with the adopted plans, or requiring the recording of a local improvement district non-remonstrance agreement for the same. Dedication of land and construction shall conform to the provisions of Chapter 5-3.1, and Section 5-3.1.030 in particular;
 14. Establish a time table for periodic review and renewal, or expiration, of the conditional use to ensure compliance with conditions of approval; such review may be subject to approval by the Planning Official or Planning Commission through a Type II Administrative Review or Type III Quasi-Judicial process at the discretion of the decision making body.
